

Chemical Content Declaration (Product Declaration)

Kährs Group shall provide a sustainable, safe, and healthy environment for its employees, customers, suppliers, and other stakeholders. Chemicals shall be managed in such a way that they meet the needs of the users and comply with all relevant national legislation and EU legislation and product certifications, and with the least impact on the environment.

To assure this, it's mandatory that Kährs Group's Chemical Content Declaration document is filled in and signed by Kährs Group's External suppliers of flooring items and components and sent via e-mail to responsible Sourcing Manager. In some cases, more detailed information is required and shall be reported on request.

EACH chemical used in a flooring item shall be evaluated and approved by Kährs Group according to Kährs Group's Application process for intake of new chemicals and items.

NO chemical content may be changed in any flooring item without approval by Kährs Group after evaluation according to Kährs Group's Change Request process. If the need arises, fill in the template below and send via e-mail to responsible Sourcing Manager. After approval by Kährs Group, a new declaration shall be prepared and signed.
